BEYOND THE BLACK

lost in forever

LOST IN FOREVER (4:48)

Another daybreak
Another dawn to waste away
Another struggle in vain
Out of the empty

From out the void to die again
What is the reason, the gain

*Somebody let me out, I'll pay the toll
Somebody free me from this hell
And deliver my soul*

*Lost in forever
In a world of shattered skies
I am reaching for my life*

*Lost in forever
While the centuries fall apart
I am searching for my heart*

Lost in forever

Is this a nightmare
Am I in someone else's dream
Give me a soul to redeem

Is this the after
An ever endless world of pain
To drive the faithful insane

*Somebody let me out, I'll pay the toll
Somebody free me from this hell
And deliver my soul*

*Lost in forever...
Lost in the vast of eternity
Nowhere to go, no one to be
Trapped in the silent infinity
Forever yearning, never free*

*Lost in forever...
Lost in the vast of eternity...*

BEAUTIFUL LIES

(feat. Rick Altzi of Masterplan)
(4:09)

I remember you crushing my heart
You were there when my world fell apart
When I drowned in my solitude
You walked away

Every breath at the mercy of you
What you swore to me, none of it true
Here you are, my love
Dressed all in sorrow today

*Tell me lies, lies, beautiful lies
Till your treason won't hurt anymore
Tell me lies, lies, beautiful lies
I'll remember each word that you swore*

I remember you drifting away
I was there and you begged me to stay
Couldn't watch, my love
Now all that's left is to pray
I will follow whatever the cost
Couldn't hold you back when you got lost
Never once did I stop loving you
Lead the way

Tell me lies, lies, beautiful lies...

Lies, lies, you broke your vow
Lies, lies, you mourn her now
Lies, lies, until she dies
Beautiful lies

I remember you crushing my heart
You were there, when it all fell apart
With your sweet little promises
You brought the dark

Tell me lies, lies, beautiful lies...

Tell me lies, lies, beautiful lies...

Lies, lies, until she dies
Beautiful lies

*Music by Hartmut Krech, Mark Nissen,
Johannes Braun, Anna Brunner*

NILS: LEAD GUITAR

WRITTEN IN BLOOD (4:21)

I cannot erase it, the cut is deep
But I can let it go
I cannot undo it, but dare a leap
'Cause love is all around me

I chased the pain, no glory
Prepared to crucify myself
A pale and painful story
In moments of despair

A shattered voice that whispers
A wandering soul that fades away
Sometimes it seems I've vanished
But I am here to stay

Did I find my way out of the dark

*All is written in blood, I'm buried alive
Down on my knees, I'm begging you please
Take me away, wherever you go
Something has counterfeited my soul
Don't leave me alone, out in the cold
I'm all for by myself, in a cage of gloom
I failed to succeed, to live my life
Please come and purify me, purify me*

Quivering and chill, my being
Willing to suffer in my grief
I was carving my skin to deep
Forever to be seen

Each cut was a little deeper
But I found no bliss in what I did
A fragile soul is easy broken
And demise easily sealed

Did I find my way out of the dark

All is written in blood, I'm buried alive...

Is there a land over the rainbow
And in the end a paradise
Is there a moral to the story
Or is it just another lie

All is written in blood, I'm buried alive...

CHRISTO: GUITAR AND BACKING VOCALS

AGAINST THE WORLD (4:06)

A flickering candle, forlorn in the night
You wander in darkness
Can't shelter your light
But if you find me, we'll burn in the skies
Take my hand and dry your eyes

*You and me against the world
They can't stop us now
You and me against the world
We'll make it somehow
Come with me, we're free like the wind
Breaking all the chains
It's you and me, you and me against the
World*

Too long we've been hiding
We shrouded in grey

And too many sunsets just faded away
No, they won't find us, together we'll fly
Under cover of the night

You and me against the world...

Against the world

You and me against the world...

ERWIN: BASS

BEYOND THE MIRROR (4:15)

You mime the look that you see in my eyes
You hide your ego behind your disguise
If I could reach you
I'd join in your shadow game
Stay in your frame
For this world has a price

*Just stay beyond the mirror
Beyond this shallow life
And watch the mortal wither
While you alone survive*

*An hour a lifetime
From out across the sideline
Just stay beyond the mirror
And watch them through my eyes*

You long to break out and feel what I feel
You long to see
What the world might reveal

If I could reach you
I'd trade for your shadow game
The scars you take in this life never heal

Just stay beyond the mirror...

I wouldn't open the door
To your neverland
I couldn't give you the life
That you never had

Just stay beyond the mirror...

*Music by Nils Lesser

TOBIAS: DRUMS

HALO OF THE DARK (4:21)

Dreams of eternity used
To fill our endless days
Spent in serenity in a never ending blaze
Strangers in heaven, a glimpse at the stars
Lost in insanity, nothing left but our love

*The night falls around us
May your kiss light up my heart
Under the halo, under the halo of the dark
The nightmares, they found us
May your love be our ark
Out of the halo, out of the halo of the dark
May love be our ark
To break out of the dark*

Who knows their destiny
We will meet it side by side
Reaching for clarity
Our passion burning bright
Strangers in hell, all is lost, all is gone

Nothing but enemies
You're the spark to keep me strong

The night falls around us...

Dreams of eternity
Used to fill our endless days
We'll meet our destiny
In the angels' golden haze

The night falls around us...

MICHAEL: KEYBOARDS

DIES IRAE (4:02)

Heavenly choirs, the sinners in fear
Harvest the souls for salvation is near
Grant me a place and I'll hallow thy name
The earth it will perish in thunder and rain
The earth it will perish in ashes and flame

Dies irae, iudex, salva me
Dies illa, pie domine
Dies irae, iudex, salva me
Dies illa, pie domine

Days of damnation, the end has begun
Worthless the prayers as judgement goes on
Open the book, whom to bless
Whom to blame
The earth it will perish in ashes and flame

Dies irae, iudex, salva me...

We will prevail on the fields of paradise
Burn out the past, from the ashes we will rise
Wipe out the dark
And the children of the dawn
Live on, live on, live on

Heavenly choirs, a new day begins
Gone is the nightmare, forgiven the sins
Grant me a place and I'll hallow thy name
Remember forever the days of the flame

Dies irae, iudex, salva me...

FORGET MY NAME (6:05)

The autumn trees have shed their leaves
A cloudy sky is riddled with your grief
Don't watch me go out in the rain
The days we lost will never come again
I'll disappear, like morning mist
May our dream be captured in a kiss
To find us once and wake us then
Don't ask me now
The wind alone knows when

Forget my name
Forget my name
And let me die

All my sins, forgiven
All my soul is riven
Nothing left · no tears to cry
All is lost, forsaken · torn apart
Forget my name my love and let me die
Forget my name

How dark the night, how deep your pain
The hurt you feel will never be in vain
You raised me high into the sun
Live in the past if there's no moving on
There is no fight, just destiny

No one to blame, to set your sorrow free
New hope will come, you'll find a way
Wish me farewell, there's nothing else to say

Forget my name...
All my sins, forgiven...
Forget my name and let me die

Wash away your sadness
Break the chains of grief
Keep your faith together
In the past you'll find relief

Forget my name...
All my sins, forgiven...
Forget my name, my love, and let me die
Forget my name

BURNING IN FLAMES (4:15)

How am I to put out
What is stealing the life from me
And it isn't even trying

How am I to shut out
What I know is a guarantee
That one of us is dying

*If I'm out of time · in too deep
I'm giving in to it, I'm*

*Burning up, burning down to the ground
An inferno untamed
Burning up, breaking free to be bound
Burning up in a flame*

Burning up...

How am I to keep out
What's invited into my soul
Like a too familiar stranger

How am I to creep out
From the shadow of its control
When I enjoy the danger

If I'm out of time...

*Burning up...
Burning up...*

If all that I am
Is ashes, I just
I don't give a damn
Leave me ashes and dust

If I'm out of time...

*Burning up...
Burning up...*

NEVERMORE (4:19)

Long time ago, far and gone
An old man would nap all alone
Lost in a dream of Lenore, evermore
A tapping he heard at the door
Woke him up from the burden he bore
The sound almost seemed like it were...
...was it her

But the light in his eyes showed the ebony
Wings of the dark
And the light in his heart, it was gone like the
Wind kills a spark

*Nevermore, nevermore, quoth the raven his
Unyielding lore
Nevermore, nevermore and the old man
Refused to implore*

Pondering weary and weak
The old man still lost in his sleep
Cursed on the bird and his lore, from before
Prophet or devil it was
As he saw it, the old man was lost
Wouldn't see his beloved Lenore – nevermore

And the light in his eyes showed the ebony
Wings of the dark
And the light in his heart, it was gone like the
Wind kills a spark

Nevermore, nevermore...

*But the dream, it was gone 'cause the echo
Went on through his core
And it teared him apart
As the raven kept still · nevermore*

*Nevermore, nevermore...
But the dream, it was gone...
Nevermore, nevermore...
But the dream, it was gone...*

*Music by Jennifer Haben, Anna Brunner,

SHINE AND SHADE

(6:14)

*We live in shine and shade
And trust the bittersweet
But a fool who doesn't see
How precious life can be*

*Each triumph has a lonely side
We're always facing black and white
We're heading for the bittersweet
Each curtain call a daring deed*

*A way to go, can be a way to fall
We might lose it when we want it all
We're living in the shine and shade
We're swaying between love and hate*

*Ohhh, let a child be a child
Before the seed is sown*

*A disharmonic harmony
Completing our symphony
More can be more or can be less
No difference between life and death*

*Ohhh, let a child be a child
Before the seed is sown*

Don't waste it onto barren land

*We're gonna shine on
In the light that has set us free
Anyway we're gonna shine on
Shine on, shine on
In a land that we've never seen
Anyway we're gonna shine on
Shine on, shine on*

We live in shine and shade...

*We're hoping for the best to come
And forget about what we have done
Forget about what we achieved
The fortunes and the miseries*

*We live a lonely life together
Close and yet so far forever
Along the way we see it all*

*We know the rise
We know the fall*

*Ohhh, let a child be a child
Before the seed is sown*

Don't waste it onto barren land

We're gonna shine on...

*We live in shine and shade
And trust the bittersweet
But a fool who doesn't see
How precious life can be and love's divine*

Don't waste it onto barren land

We're gonna shine on...

We're gonna shine on...

We live in shine and shade

HEAVEN IN HELL (4:28)

Though I shut the box *Why must it haunt me*
 Still I hear it *Why does it want me*
 One voice through the lock
 In its song, a prophecy *Every night, I'm drawn to the music...*

Why must it haunt me *Lost and found in its arms...*
Why does it want me
Every night, I'm drawn to the music
Drawn into a heaven in hell
Every day, I try not to choose it *Why must it haunt me*
To refuse a heaven in hell *Why does it want me*
Every night, I'm drawn to the music...

Lost and found in its arms
Lost and found in its arms
Lost and found in its arms
Lost and found in its arms
Music by Jennifer Haben, Thorsten Brötzmann, Charlie Mason, Ivo Moring
Lyrics by Thorsten Brötzmann, Charlie Mason, Ivo Moring

Each note tells a tale
 Yet unwritten
 I breathe, it exhales
 Warning in its melody

LOVE'S A BURDEN (3:41)

Deep inside me *You petrify me*
 There is something that I just can't explain *I wanna move, but I just can't make a turn*
 Something ignites me *Something restrains me*
 And when it's gone it all starts over again *I wanna go, but it pulls me back again*
 I live the moment *I wanna leave you*
 I try to hate you *I wanna hurt you*
 But I just can't deny my deepest will *But I just can't deny my deepest will*
 'Cause love is all that I can ever feel *'Cause love is all that I can ever feel*

I trust in sorrow *Love's a burden, but I want more to bear...*
 That is something that seems to be my friend
 'Cause I love tomorrow
 When it's all gonna be the same
 I tried to break out
 Into the unknown
 But I just can't deny my deepest will
 'Cause love is all that I can ever feel
 Sometimes a storm, sometimes it's still
 But the wind keeps blowing
 And takes my shattered soul away
 On a journey to the inside of my melancholy

Love's a burden, but I want more to bear
I keep crossing the hurdles
And wipe away the tears
Love's a burden, but I just can't ignore
How good it feels
How good it feels

THANKS

JENNIFER:

In the last two years, we have made things
happen that seemed impossible to me. With „we“
I mean:

My label boss: Joe Chialo from Airforce1 Records/
Universal Music Central Europe, his wonderful
team: Anke, Robin, Jenny and Pixi.

The team of Electrola/ Universal Music GmbH -
especially: Jörg Hellwig and Isabell Heim.

During the course of recent months, we have been
working on songs for this album intensely.

Thank you for a fantastic collaboration:

Hardy Krech, Mark Nissen and Hannes Braun
from Elephant Music, Thorsten Brötzmann
TBmusik, Sascha Paeth Gate Studios, Ivo Moring
ALANAprroductions and our co-writers Lukas
Hainer, Dave Roth, Anna Brunner and Charlie
Mason.

This year we had the pleasure of playing at
Wacken Open Air, the biggest metal festival in the
world, for the second time in a row and the tent
was jam-packed... YEAH!

A great big thanks for all your trust and support:
ICS Festival Service Holger Hübner and Thomas
Jensen, Semmel Concerts Entertainment Dieter
Semmelmann, Timo Hoppen and Alexandra
Müller-Osel, tour management MPS Hanseatic UG
Leonard Loers, Benni Küfner and their teams.

Not to forget our wonderful live-crew, who take
care of us with incredible dedication. Particular
thanks to Gerrit, Ingo and Florian.

Another massive thank you also goes to: Christo,
Erwin, Michael, Nils and Tobi. We have grown to
become a little family :-) I have had a great time
with you so far and I am absolutely certain, it will
continue to be awesome.

My personal and heartfelt thanks go to my family,
my parents and my brother. Thank you for all
your support and for all the great times we have
spent together so far and will spend in the future.
None of this would have been possible without
you!

The greatest thanks, however, goes out to our
fans. Without your support and your trust, we
could not have done this. We hope that you enjoy
our second album as much as you did the first
one. We want to keep on playing many shows for
you because we love having you by our side. It's
always an incredible feeling when you sing along
to our songs and we can „rock out“ together.
Thanks again to you, the best fans in the world!
You make every show we play special!

Love,
Jennifer

www.beyondtheblack.de

THANKS

TOBIAS: I would like to thank my Mom, Dad, brother and Anna-Lena for the constant backing and support! Thanks for always being there and being part of my journey!

CHRISTO: I would like to thank my love Sonja and my family for their great support!

MICHAEL: Many thanks to my wonderful family, for always being there for me. Thanks, to all my friends for the many legendary times we spent together and especially to Julia, without whom my life would only be half as pleasant as it is now.

NILS: Thanks to all my supporting friends and family, especially Klara for supporting me all over the years. Further thanks to Holger, Jordanis, Stefan from sound service and Greg from Randall.

ERWIN: Thanks a lot to my big family and my friends for all the support.
